Keeping you Updated about Your Community

Level 2 Water Restrictions apply now.

The current capacity of the water storages is now considered to be low with no rains expected soon. As the worst of Summer is now behind us we are still able to provide water with a Stage 2 restriction in place, we will review this situation again next month.

Current levels in our storages are top dam approximately 80% of its capacity, Frank Wellman (middle) dam is holding around 60-70% and the bottom dam is effectively empty.

We endeavour to maintain the top dam at around this level or higher for firefighting.

Currently we are unable to refill the bottom dam from the Frank Wellman dam, but have works in progress to resolve this situation. This will allow us to increase the level of the top dam again soon.

The rain outlook for the next few months is considered to be below average and this may have an adverse effect on pumping later in the year from 15 Mile creek. We have a winter pumping licence but start and finish dates are dictated by the catchment authority and rainfalls.

Thank you for your help in preserving the water we have left by adhering to the current restrictions.

Water Leaks

Fridge magnets coming your way as a reminder to report any water leaks quickly.

For more information on our water:

Pruning Pile Open

As fire restrictions are due to end in May we will be opening up the pruning pile for winter.

Reminder green waste only – NO hard waste

Open on Saturdays and Sundays

9am until 4pm from 4 May 2019 – September (date to be finalised)

We are very lucky to have this facility in our park and not have to pay high tip fees however please help us by disposing of garden pruning's ONLY.

50 Years Of Hamilton Park

Next year is our 50th anniversary. We would love your ideas on how to celebrate.

Please contact Trish Sait, marketing@hamiltonpark.org.au if you have any ideas or would like to help out with organising the celebration. Past residents would be most welcome to contribute.

Events calendar

Month	Board meetings	Social	Working bees	Other
